

From **Tuesday 27th to Thursday 29th October** there will be disruption to our service 48 and 49A due to the closure of Station Road in Little Massingham for Norfolk County Council works.

Regrettably the location of the closure means that it's not possible to serve Little Massingham or Great Massingham on service 49A as buses will need to divert via Hillington and Grimston.

To mitigate the disruption to customers and to provide a limited service to cover some essential journeys we will be operating a shuttle bus between Great Massingham and King's Lynn. In addition to the shuttle bus the first 48 journey will still serve Great Massingham (by omitting Harpley). The shuttle bus times are as follows:

Great Massingham Shuttle Bus

Tuesday 27th to Thursday 29th October only

	48	49A shuttle
Great Massingham, Fire Station	0715	0921
Great Massingham, Church	0717	0923
Q.E Hospital	0755	0945
King's Lynn Transport Interchange	0810	0958

	49A shuttle	49A shuttle
King's Lynn Transport Interchange	1300	1645
Q.E Hospital	1311	1656
Great Massingham, Church	1332	1717
Great Massingham, Fire Station	1334	1719

Harpley will be served as per normal on service 49A but please note that the first service 48 of the day will need to commence at Great Massingham Fire Station (at 0715hrs) instead of Harpley village. Customers from Harpley village should catch the 49 service on the A148 near to Nethergate Street at 0752hrs instead.

Please accept our sincere apologies for this disruption but regrettably closures such as this are completely beyond our control.
